

INDUSTRIAL BLADES AND MACHINE KNIVES

Machine Knife Manufacturers in Horsham, West Sussex

We are the only genuine manufacturer of machine knives and blades of all types in Southern England. Our facilities include CNC machinery, a substantial precision grinding capacity and vacuum heat treatment processes.

Machine Knife Manufacturing and Refurbishment Services

Precision Edge is a bespoke specialist manufacturer of Precision Quality Industrial Blades and Machine Knives.

We are a privately owned and funded stand-alone manufacturing company.

We produce blades of exceptionally high quality and supply many industrial markets including wrapping and packaging, news print, mail room production and food processing.

We have been in business for 25 years.

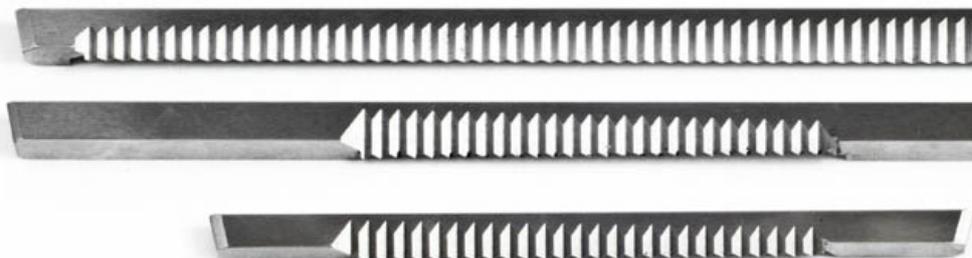

For the highest quality precision machine knives, call us on 01403 892 510
